---

Please answer each question as completely as possible.

1. Have you been accepted into the ESHP Graduate Program? Yes or No

If so, when were you accepted?

If you have been accepted, are you a Thesis or Non-Thesis student?

2. Approximately how many hours have you taken in the Exercise Science & Health Promotion (ESHP) graduate program, and which classes?

3. ESHP Graduate Assistantships usually require you teach some classes, in what areas do you feel that you would be best suited to teach? Additionally, please detail what qualifies you to teach in those areas (i.e., previous teaching experiences, college coursework, etc.)

4. Do you have any teaching experience? If so, elaborate below. Do you have a Teaching Certification? If so, what state is it from, when did you receive it, and in what areas are you certified?

5. Please detail why you think you would make a good Graduate Assistant (use a separate sheet, if needed). Please include any personal and professional life experiences (certifications, too) that you think are applicable.
