

International Conference on Statistics and Data Science

December 22-24, 2017

Wenzhou University, Wenzhou, Zhejiang, China

Dear Sir/Madam_____ :

The development of big data technology has been attracting increasing attention from the society, which has brought new opportunities and challenges to the exploration of big statistics and data science. The thinking, concept and technology of big data provide objective basis and new research angle for optimizing statistical data analysis and theoretical research. Focusing on comprehensive applications of big data in promoting economic restructuring and development, reshaping the national competitive advantage, enhancing governance capability, integration of technology and the theoretical depth of big data and various industries in various fields, and strengthening the important role of big statistics in the development of data science, the "International Conference on Big Statistics and Data Science (hereafter ICoBSaDS)" sponsored by Wenzhou University will be held on December 22-24, 2017 in Wenzhou, Zhejiang, China.

The ICoBSaDS is a high standard international research activity. The main theme of the conference focuses on big data and its in-depth study of the complex scientific process of big data technology, information technology, frontier statistical research development and their applications. Via invited high level talks and round table discussions by a group of well-known national and international experts, the conference will provide an influential academic exchange platform, so that it will help participants to understanding the important needs of national construction, tracking and grasping the international academic frontiers and development, promoting the connection between academic research and technological innovation. The conference will give priority to understanding the innovative concepts, techniques, methods and tools of big statistics in the advancement of data science. Participants will have opportunity to share and discussion of their excellent case studies, hence to promote academic progress and development of big statistics and data science.

You are cordially invited to attend the ICoBSaDS. Please fill out the registration form below. We are looking forward to seeing you on the conference.

Sincerely yours,

The Organizing Committee of ICoBSaDS

Registration Form:

Please return the following registration form before 09/31/2017 to

Dr. Fengjing Cai at cyclie@163.com or Mr. Ye Yuan at yuanye017@126.com.

Name		Age		Gender		Nationality	
Address and Post Code				Title			
				Post			
Contact Information	Phone Number			E-mail			
Do you submit paper?							
Paper Title							
Hotel Reservation				<input type="checkbox"/> Single room	<input type="checkbox"/> Double room		
Arrival Time				Return Time			
Remarks							

Conference Registration Fee and Hotel Information:

1. Hotel Accommodation: Milan Kokusai Hotel, 157 Nan Pu Road, Wenzhou, Zhejiang, China. Phone: 400-6886-687. Price: ¥ 400/Night/Room.
2. Conference Registration Fee: ¥800/person with a special rate of ¥600 for each student.
3. Check-in time: 3:00PM-10:00PM December 22, 2017, Milan Kokusai Hotel, Yuntian Lou.
4. Conference Contacts:
Mrs. Yufei Huang: 86-0577-86689098
Dr. Fengjing Cai: 1369575075 cyclie@163.com
Mr. Ye Yuan: 15258085606 yuanye017@126.com

Conference Agenda:

- New Statistical Theory in the Era of Big Data.
- Emerging Data Science and Engineering
- Research Development of New Technology in Big Data
- Statistical Research and Future Trends in Big Data Applications
- Data Science and New Developments in Quantitative Finance

Organization Units:

Sponsors: Wenzhou University, Zhejiang, China

Organizers: School of Mathematics and Information Science, Wenzhou University
Charles E. Schmidt College of Science, Florida Atlantic University

Academic Committee (in alphabet order of last name):

Chun Rong Ai Dean of Institute of Statistics and Big Data, Renmin University of China; Changjiang Scholars selected by the Central Organization Department via "Thousand People Plan", Ministry of Education of China.

Hira L. Koul Professor of Statistics at Michigan State University, Fellow of the Institute of Mathematical Statistics (USA), Elected Member of the International Statistical Institute, Fellow of American Statistical Association, Awarded a Humboldt Research Award for Senior US Scientists, October, 1995. Recipient of many USA National Science Foundation Grants from 1982 to 2015.

Tze Leung Lai Professor of Statistics, and by courtesy, of Biomedical Data Science and Institute of Computational and Mathematical Engineering, Director of Financial and Risk Modeling Institute, Co-director of Biostatistics at Stanford Cancer Institute and Center for Innovative Study Design of School of Medicine, Stanford University. Elected member of Academia Sinica.

Hua Zhen Lin Professor, School of statistics, Southwestern University of Finance and Economics, Doctoral supervisor, Member of China Chapter (IMS-China) of the international society for probability and mathematical statistics, Recipient of the National Science Foundation for Distinguished Youth, Professor of Changjiang studies, Ministry of Education.

Zhengyan Lin Professor of Probability and Statistics, School of Mathematics, Zhejiang University, International Academy of Mathematical Statistics (IMS) Fellow, Top Experts in Zhejiang, National Famous Teacher, Young and Middle-aged Expert with Outstanding Contributions at the National Level, President of the

Mathematics Association of Zhejiang, China.

- Qi-man Shao Choh-Ming Li Professor of Statistics, The Chinese University Hong Kong; Invited Speaker at International Congress of Mathematicians, Institute of Mathematical Statistics (IMS) Medallion Lecturer, IMS Fellow, Recipient of State Natural Science Award.
- Jianguo Sun Professor of Statistics, University of Missouri, Fellow of American Statistics Association and Elected Member of International Statistical Society, Editorial Member for Numerous Statistical Journals.
- Yougan Wang Professor of Data Science and Chief Scientist, Queensland University of Technology, Australia.
- Xiangrong Yin Professor of Statistics, Director of Data Science Laboratory, University of Kentucky. Editorial Board Member of Journal of Nonparametric Statistics.
- Hao Zhang The Department Head and Professor of Statistics, Department of Statistics, Purdue University; Fellow of the American Statistical Society, Editorial Board Member of Journal of Statistica Sinica.
- Li-xin Zhang Distinguished Professor of Zhejiang University, Associate Dean, School of Mathematical Sciences, Associate Director of the Center for Data Science Research, Zhejiang University. Hangzhou Qianjiang Special Expert, IMS-China Member, Director of China Statistical Research Association, Chairperson of Statistical Research Association of Zhejiang.

Organizing Committee:

Committee Chair:

Lianfen Qian, Ph.D., Associate Dean of Academic Affairs, Charles E. Schmidt College of Science, Professor of Statistics and Data Science in the Department of Mathematical Sciences, Florida Atlantic University; Distinguished Professor of Wenzhou University and Special Expert of Zhejiang, China.

Committee Members:

Zhenjie Hong, Lixin Gao, Xiaoqin Zhang, Fengjing Cai, Huilin Huang, Ancha Xun, Ruiyue Lin

Secretarial Group:

Yufei Huang, Nengfang Ma, Yeyuan, Zhengda Gao, Shirong Zhou
